ACROPOLIS

ALMA MATER

Our praises unto thee
Rise to the sky.
We're loyal, **H. I. S.**,
Our faith in thee shall never die.
There comes a time when we
Bid thee good-bye.
Hail, hail our Alma Mater,
May your spirit true be ever nigh!

Lift your voices, singing of the
school you love so well;
Send your voices, singing over
every hill and dell;
Swing along, with a song,
Sing your praises with voices strong.

Mr. M. S. Hershey

To many people Mr. Milton S. Hershey was a great businessman and philanthropist, but to us—his boys—he was our friend and benefactor. We are indebted to him for taking us in when we were young to house, feed, clothe, and educate us.

Now, as Seniors, we are about to leave **H. I. S.** It is impossible to express our appreciation and gratitude for the education and training that Mr. Hershey so unselfishly provided to help us to learn how to become good workers and good citizens.

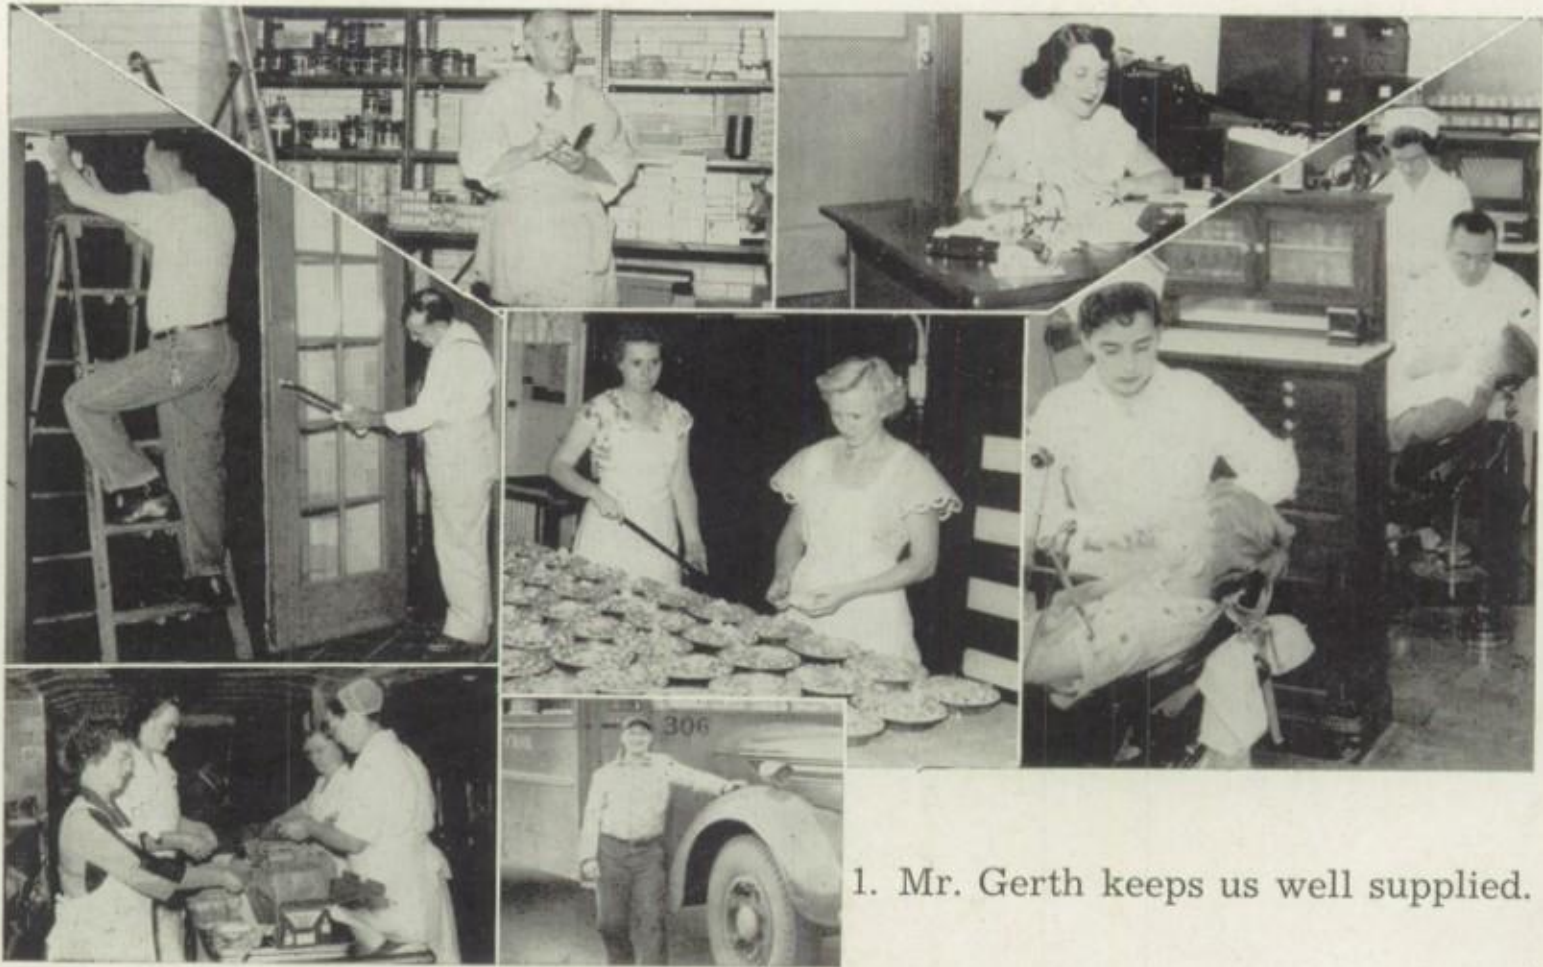

Mr. A. T. Gible

A coach, by definition, is one who prepares others for a test, and this man has done exactly that—prepared us to meet the test of life.

We admire him as a coach, respect him as a teacher, and value his guidance as Student Senate adviser. In our hearts, however, he is our friend, always ready with a helping hand.

As a token of our gratitude to him we, the Class of 1950, dedicate this yearbook to Mr. Alfred T. Gible.

1. Mr. Gerth keeps us well supplied.

2. No wonder the Seniors are always in the office.

3. Keeping the school "spic and span."

4. Oh, Boy! Apple pie!

School Services

5. Miss Grim, Miss Harsh, and Doctor Lucas keep our teeth in good condition.

6. "Soup's on" in the school cafeteria.

7. Our chauffeur, Mr. Sible.

Administration

As we, the Class of 1950, face graduation, we realize very much more forcefully what the Board of Managers means. When we were in the lower grades, that group was just a name in our everyday life, and we did not understand the part they played in our activities here at **H. I. S.**

These men are all successes in the business world, and through their judgment they were able to help us when we got into trouble. When things seemed almost impossible of accomplishment, these men were standing by, ready to help us.

Through the efforts of these willing men we were provided with the best of everything — education, food, shelter, clothing, and opportunities for cultural growth that should give us many pleasant recreational hours in our later life.

We shall never be able to repay these men who have aided us in every way they possibly could, but we want them to know how much we appreciate their help. Most of us do not know them personally, but we are keenly conscious of their generous work for us. As we depart from the school that has been our home as well, we extend to them our sincere thanks.

We hope that our adult lives will justify the efforts of the Board of Managers in our behalf and that they can be proud of us in the years to come as we do our best to reflect credit upon **H. I. S.**

Board of Managers

The Administrative Staff of **The Hershey Industrial School** consists of a group of men, each of whom represents a certain subdivision of our complex organization. These men meet at definite intervals to bring together their different ideas for use in the betterment of our school. The various viewpoints are thus centralized and problems more easily solved.

All of the measures put into effect at **H. I. S.** are intended for a single purpose. That purpose is the welfare of every Homeboy. These men are not only outstanding leaders in guiding our school life in general; they are also counselors to whom we may turn for help in solving our personal problems. More than anything else, these men are our friends.

We did not always know that they were our friends. When we were smaller, they often seemed to be harsh taskmasters, usually refusing our requests. Now, as Seniors, we realize that they always had our best interests at heart.

As we prepare to leave the halls of **H. I. S.**, we wish to thank these Administrative Staff members who have done so much for us. Without their guidance we would surely be lesser young men than we are today, for our characters have been built to a great degree through their efforts as well as by the example they set for us. We want them to know that we think highly of them, and in future years we shall often recall how they helped us to solve our many school-life problems.

Administrative Staff

Faculty

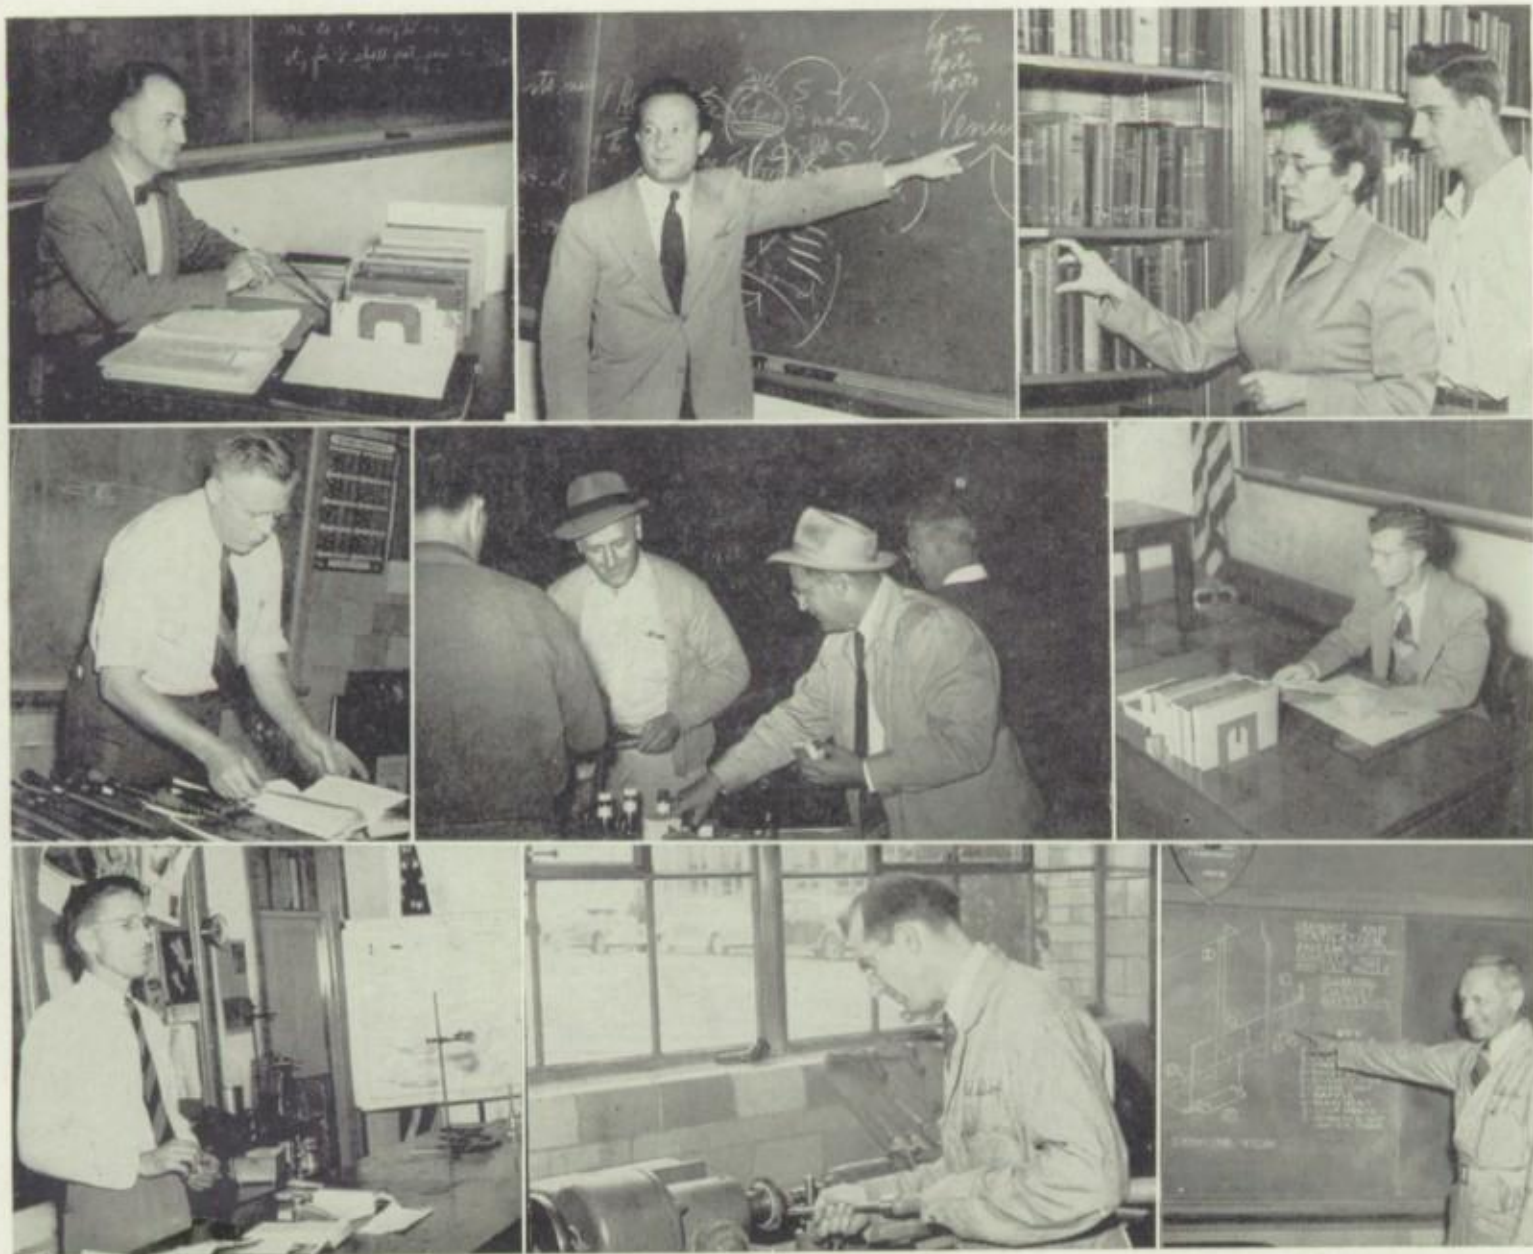

These are the people who will get praised or accused of inefficiency as we Seniors go our various ways after graduation. We think of them not only as our teachers but as our helpful friends.

The faculty members helped us with our Senior parties and dances. They were always ready to assist in the planning and in the carrying out of those plans successfully.

If we had personal problems that worried us, we could talk things over with them and be assured of their honest opinion as well as of the certainty that the discussion would not go beyond their ears.

Our teachers have been very patient when classes were depleted by students going to the clothing room, first aid, the dentist, or the barber. They frequently repeated explanations for the slower-thinking boys.

As Seniors, we can understand better than ever before how much they have done for us. We are truly grateful; we thank them sincerely; and we will do our best to reflect credit upon them.

Class Officers

Edward Lyman
Vice President

Alton Buck
President

William Fry
Secretary

Franklin Etchberger
Treasurer

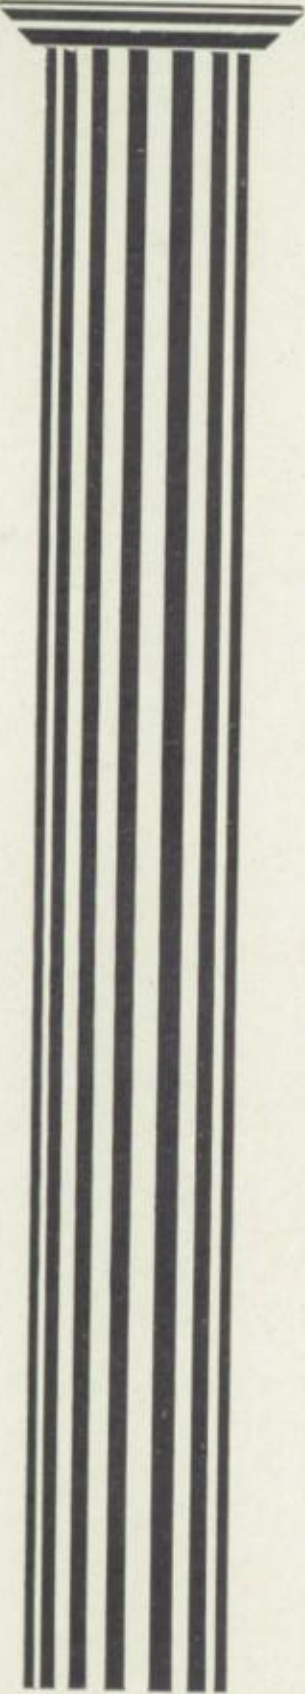

We Seniors think highly of our class officers and feel that we chose well qualified boys.

Alton Buck, our president, took over the responsibilities held last year by his brother Bob. Alton was on the varsity football team, but in the first game of the season his leg was broken.

Edward Lyman is our class "Veep." In school activities "Sal" was an outstanding individual, especially on the football field. He also did a fine job pinch-hitting for Alton Buck while the latter was in the hospital.

Franklin Etchberger, the school's all-round athlete, is our treasurer. "Etch" excelled in football, basketball, and baseball during his Senior year.

William Fry, another all-round boy, handled his secretarial duties very well. He is one of the best-liked boys in the Class of 1950.

Memories

Class Diary

- | | | | |
|-------|--|---------|--|
| 8/29 | 1949-50 school year began. | 1/14 | Spartans played for Camp Hill Varsity Club dance. |
| 9/3 | Cloverdale defeated Glenview for intramural baseball pennant. | 1/22 | Glee Club at Lebanon St. Mark's Evangelical and Reformed Church. |

| 12/11 | Glee Club at Mt. Wolf E. U. B. Church. | 5/21 | Glee Club at Hershey Holy T. Lutheran Church. |
| 12/15 | Glee Club at Palmyra E. U. B. Church. | 6/1 | Senior Prom. |
| 12/17 | Christmas Dance in H. I. S. gym. | 6/3 | Class Banquet. |
| 12/22 | Student body attended the Horace Heidt Show in the Sports Arena, given by the Hershey Estates and the Hershey Corporation to all employees and their families. | 6/4 | Baccalaureate Service. |
| | | 6/5 | Class Day and Commencement. |

Class History

Once upon a time (twelve years ago to be exact), three little boys were about to start their first year of school at **H. I. S.** As they dreamed of the future, their night of graduation seemed so far away that the very thought of receiving their diplomas would always be a dream. One of those boys, Alton Buck, is now our class president, and tonight that dream will come true.

So on this, our last day at **H. I. S.**, when we are thinking about the future and what it holds for us, let us look back through the years and recall the chapter in our lives entitled "Homeboys."

As the years went by, more boys were added, and the number of members in our class began to swell. After playing "Cowboy and Indian" for five years at The Main, we decided to play farmer; so we left our "shootin' irons" at The Main and moved to the farm homes.

We soon discovered that it required less effort to play "Cowboy and Indian," but we buckled down to our tasks, and before long we were milking like veterans.

Time marched on, and so did we. It was not long until we were Freshmen, the "big wheels" of junior high and strictly major league. Then, almost before we knew it, we were Sophomores and split into three distinct groups—academic, commercial, and vocational. Choosing a college, business, or vocational course was a hard job for some of us, but we made our decisions and started to work. It was during this year that we began to infiltrate into the various school activities to an appreciable extent.

We also had more movie privileges. Because our allowances were increased, some of our more romantically inclined heroes began to date. As the year drew to a close, we knew we were well on the way to be-

coming masters of our respective trades. Well, at least we were getting acquainted with their fundamentals.

As Juniors, we began to perfect these fundamentals and to work on the harder, more complicated jobs. These jobs, plus the increase in our activities, had us so absorbed that the year seemed very short. We took our final examinations, and the Class of 1949 left these halls of learning to us. We were now the school leaders, and we were ready to assume the responsibilities that go with leadership.

On June 11, 1949, we held our first social affair, the Junior Prom. Much to our relief, it was a great success.

On August 30, 1949, we turned the last page of the chapter entitled "Homeboys," and on that page we saw Mr. Harnish give his famous speech—"Competition is Keen!" We smiled then, but it was not long before we discovered how right he was.

Time was now flying. Our class rings, Senior pictures, and dances came in a rush.

Athletics and other extracurricular activities took much of our time. Before we realized it, June was upon us.

After studying feverishly and sweating it out through each test, we were eligible to receive our diplomas.

The year ended in a flutter of activity. We had our Senior Prom, Baccalaureate Service, Class Day, and Commencement exercises all wrapped up in a short space of time. It was a glorious and appropriate climax to the memorable chapter in our lives entitled "Homeboys."

As we go forth into our chosen fields of work, let us try to uphold the standards of **The Hershey Industrial School**. May we always remember our Alma Mater and strive manfully to make her proud of us.

Class Will

The Class of 1950, being of sound mind and generous heart, hereby publishes its last will and testament. As a group we bequeath the following:

To the Board of Managers, Administrative Staff, and Faculty go heartfelt thanks for a pleasant stay that we will always remember.

To the Juniors go our intelligence, resourcefulness, and courage to uphold the highest standards of our school.

To the Sophomores go our athletic abilities, sincerity, and courteous ways.

To the Freshmen go our ambition, fortitude, and our best wishes for the coming years.

Individual bequests follow:

Alton Buck's honor and personality are to be divided among all the Juniors. John White's amazing intelligence is transferred to Lou Mervine.

Jere Morrison leaves his artistic touch to Gilbert Murray, and Ray Brinker inherits Johnny Gelet's dancing technique. John Harmony inherits the telephone directory that Gelet calls a date book. It is better known as his "Sam Ketchum Diary."

Earl Passmore gives his singing voice to Thomas Cooknick, and Bortell is the recipient of Bob Saussaman's witty sayings.

Bill Fisher's courteous manners, plus a copy of Dale Carnegie's book, **How to Win Friends and Influence People**, go to Paul Hackett, if he gets his housefather's approval.

Bill Fry hands down his versatility to Red Mescan and his sportsmanship to a couple of Joes—Joe Gosik, a Junior, and Joe Kwiatkowski, a Sophomore—for use next year.

Clyde Kauffman and Stu Pierson leave their tremendous appetites to next year's wrestling team, and Dick Vogt transfers his flashing "Colgate smile" to Frankie Schmauck.

Rodger Fredrick leaves his job as Mr. Custer's assistant

photographer to "Flashbulb" Gandy.

Sal Lyman bequeaths his razor and razor blades to John Resanovich; Kenny Miller's good nature is bestowed upon Gus Coble; and Dave Patterson's athletic ability goes to Don Allender.

After careful consideration, Dick Sweitzer decided to give his two front teeth to Di Benedet, of Hershey High, who knocked them out.

Tex Knott wills his loyalty to next year's cheerleaders, and Bill Adams gives his ambitious attitude to Howard Woodrow.

Scott Sundy leaves his physique to Dave Kerwood, and Chick Logan's bar-bell goes to Amos Strickler—for a fee of course.

To Barry Love goes Herb Moore's musical ability, plus one copy of "Come Thou Sweet Death," compliments of Mr. Albert.

Because Fat Hook believes in a firm foundation (and needs one badly), he receives Ed Young's barn shoes.

After much persuasion, Mike Seaman finally consented to leave Gloria to some lucky Junior. To ease the pain, Mr. Albert consented to give that lucky Junior another copy of "Come Thou Sweet Death." At this rate it ought to become a "Hit Parade" song!

After opening the creaking door of our treasury, we gather together the last of our belongings and turn them over to the Class of 1951.

Among these cherished possessions are a bag of Doc Hostetter's pink pills, Chick Zook's size-7 soup bowl, and a copy of Charlie Sudbury's "Facts and Figures." Also included among our rare treasures is a pair of size-13 gumshoes, left behind by a former housefather.

As the final official act on the last day of our stay at **H. I. S.**—June 5, 1950—we, the Class of 1950, attach the seal to this memorable document.

Class Prophecy

Dear Bill,

As I was enjoying the 1960 Commencement exercise at **H. I. S.** my mind wandered back ten years ago when we received our diplomas on that very same stage. Maybe I can tell you a little about some of our classmates that you haven't heard from since the good old days.

Bob McCann succeeded Byrum Saam in Shibe Park's broadcasting booth. He is doing a fine job for Atlantic Hi-Arc.

George Tashie, President of our Student Senate, is now the warden at Alcatraz, where Tanner and Hartnett are inmates. Dillinger had trouble with women—so have they.

Ed Smetona is crossing wires for the Bell Telephone Company. No wonder Paul Pugliese got the wrong girl the other night.

Felix Ladzinski and Dickie Vogt operate a night club in Philadelphia, and Bob Saussaman works as a comedian for them.

You surely have read about Glenn Stoudt in the newspapers. He has stepped into the shoes of Ted Williams as the Boston Red Sox home-run slugger. Continuing in the baseball world, Bill Fisher is carrying bats for the Pittsburgh Pirates, and Chuck Newcomer returned to **H. I. S.** to chase foul balls for Coach Hoar.

Jere Morrison is making sausages at Sam Harner's meat plant, where Bob Bettleyon is champion hog-caller.

Frank Etchberger and Bill Rubel operate the pawn shop in Reading where Bob Fleig pawns his wedding rings.

"Gorgeous George" Keightley returned to **H. I. S.** as wrestling coach, and "Peanut" Adams is a wrestling promoter in Harrisburg's Zembo Mosque, where the next big attraction is Scott Sundy's match with Mr. America.

John White, the fiend with dice, is a bookie at Churchill

Downs, where James Ketterer, who covers up as a C. P. A., is keeping his accounts.

Earl Passmore and Dave Hankins are still attempting to break through with Horace Heidt, but at the present time both appear to be broke—and through.

Frank Utzman has returned to **H. I. S.** as plumbing instructor. The opinion is widespread that nobody can better fill the shoes of Mr. Matthias.

You know, Bill, two of our grads entered the ministry. Reverend Buck was just elected Alumni Chaplain, and Reverend Lyman is serving as a missionary in India.

Tom Schaeffer joined the Police Department in Sand Beach. He recently won a Carnegie Medal for his single-handed capture of "Bull-Face" Seaman.

I was in Washington last week and heard that the headache and general nuisance these days was the Weidner-Buker political machine, which was engaged in wholesale tax embezzlement from the government. Now, however, they are up for trial, and the prosecuting attorney is Mr. Kleinfelter.

In the field of music we have the eminent Eugene Frantkowski still studying in New York to become a great composer. I guess you haven't heard much lately of Sammy Kaye. Instead of "Swing and Sway with Sammy Kaye," the flashing slogan is "Hit the Floor with Herbie Moore."

We even have some classmates working for the Hershey Estates. Mr. and Mrs. Strickler and Mr. and Mrs. Creswell have returned as houseparents, and Dave Patterson is running an elevator in the Community Inn. I guess we all have our ups and downs.

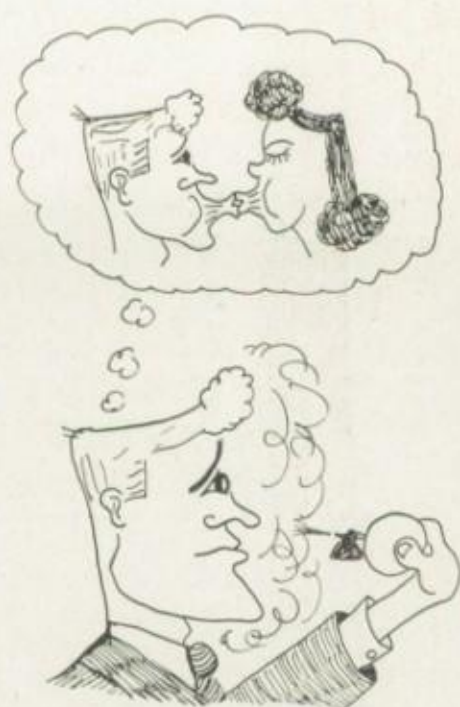

Well, Bill, I've told you all I know about our former classmates. Drop in to see my wife and me when you get to Harrisburg.

Your pal,
Hale

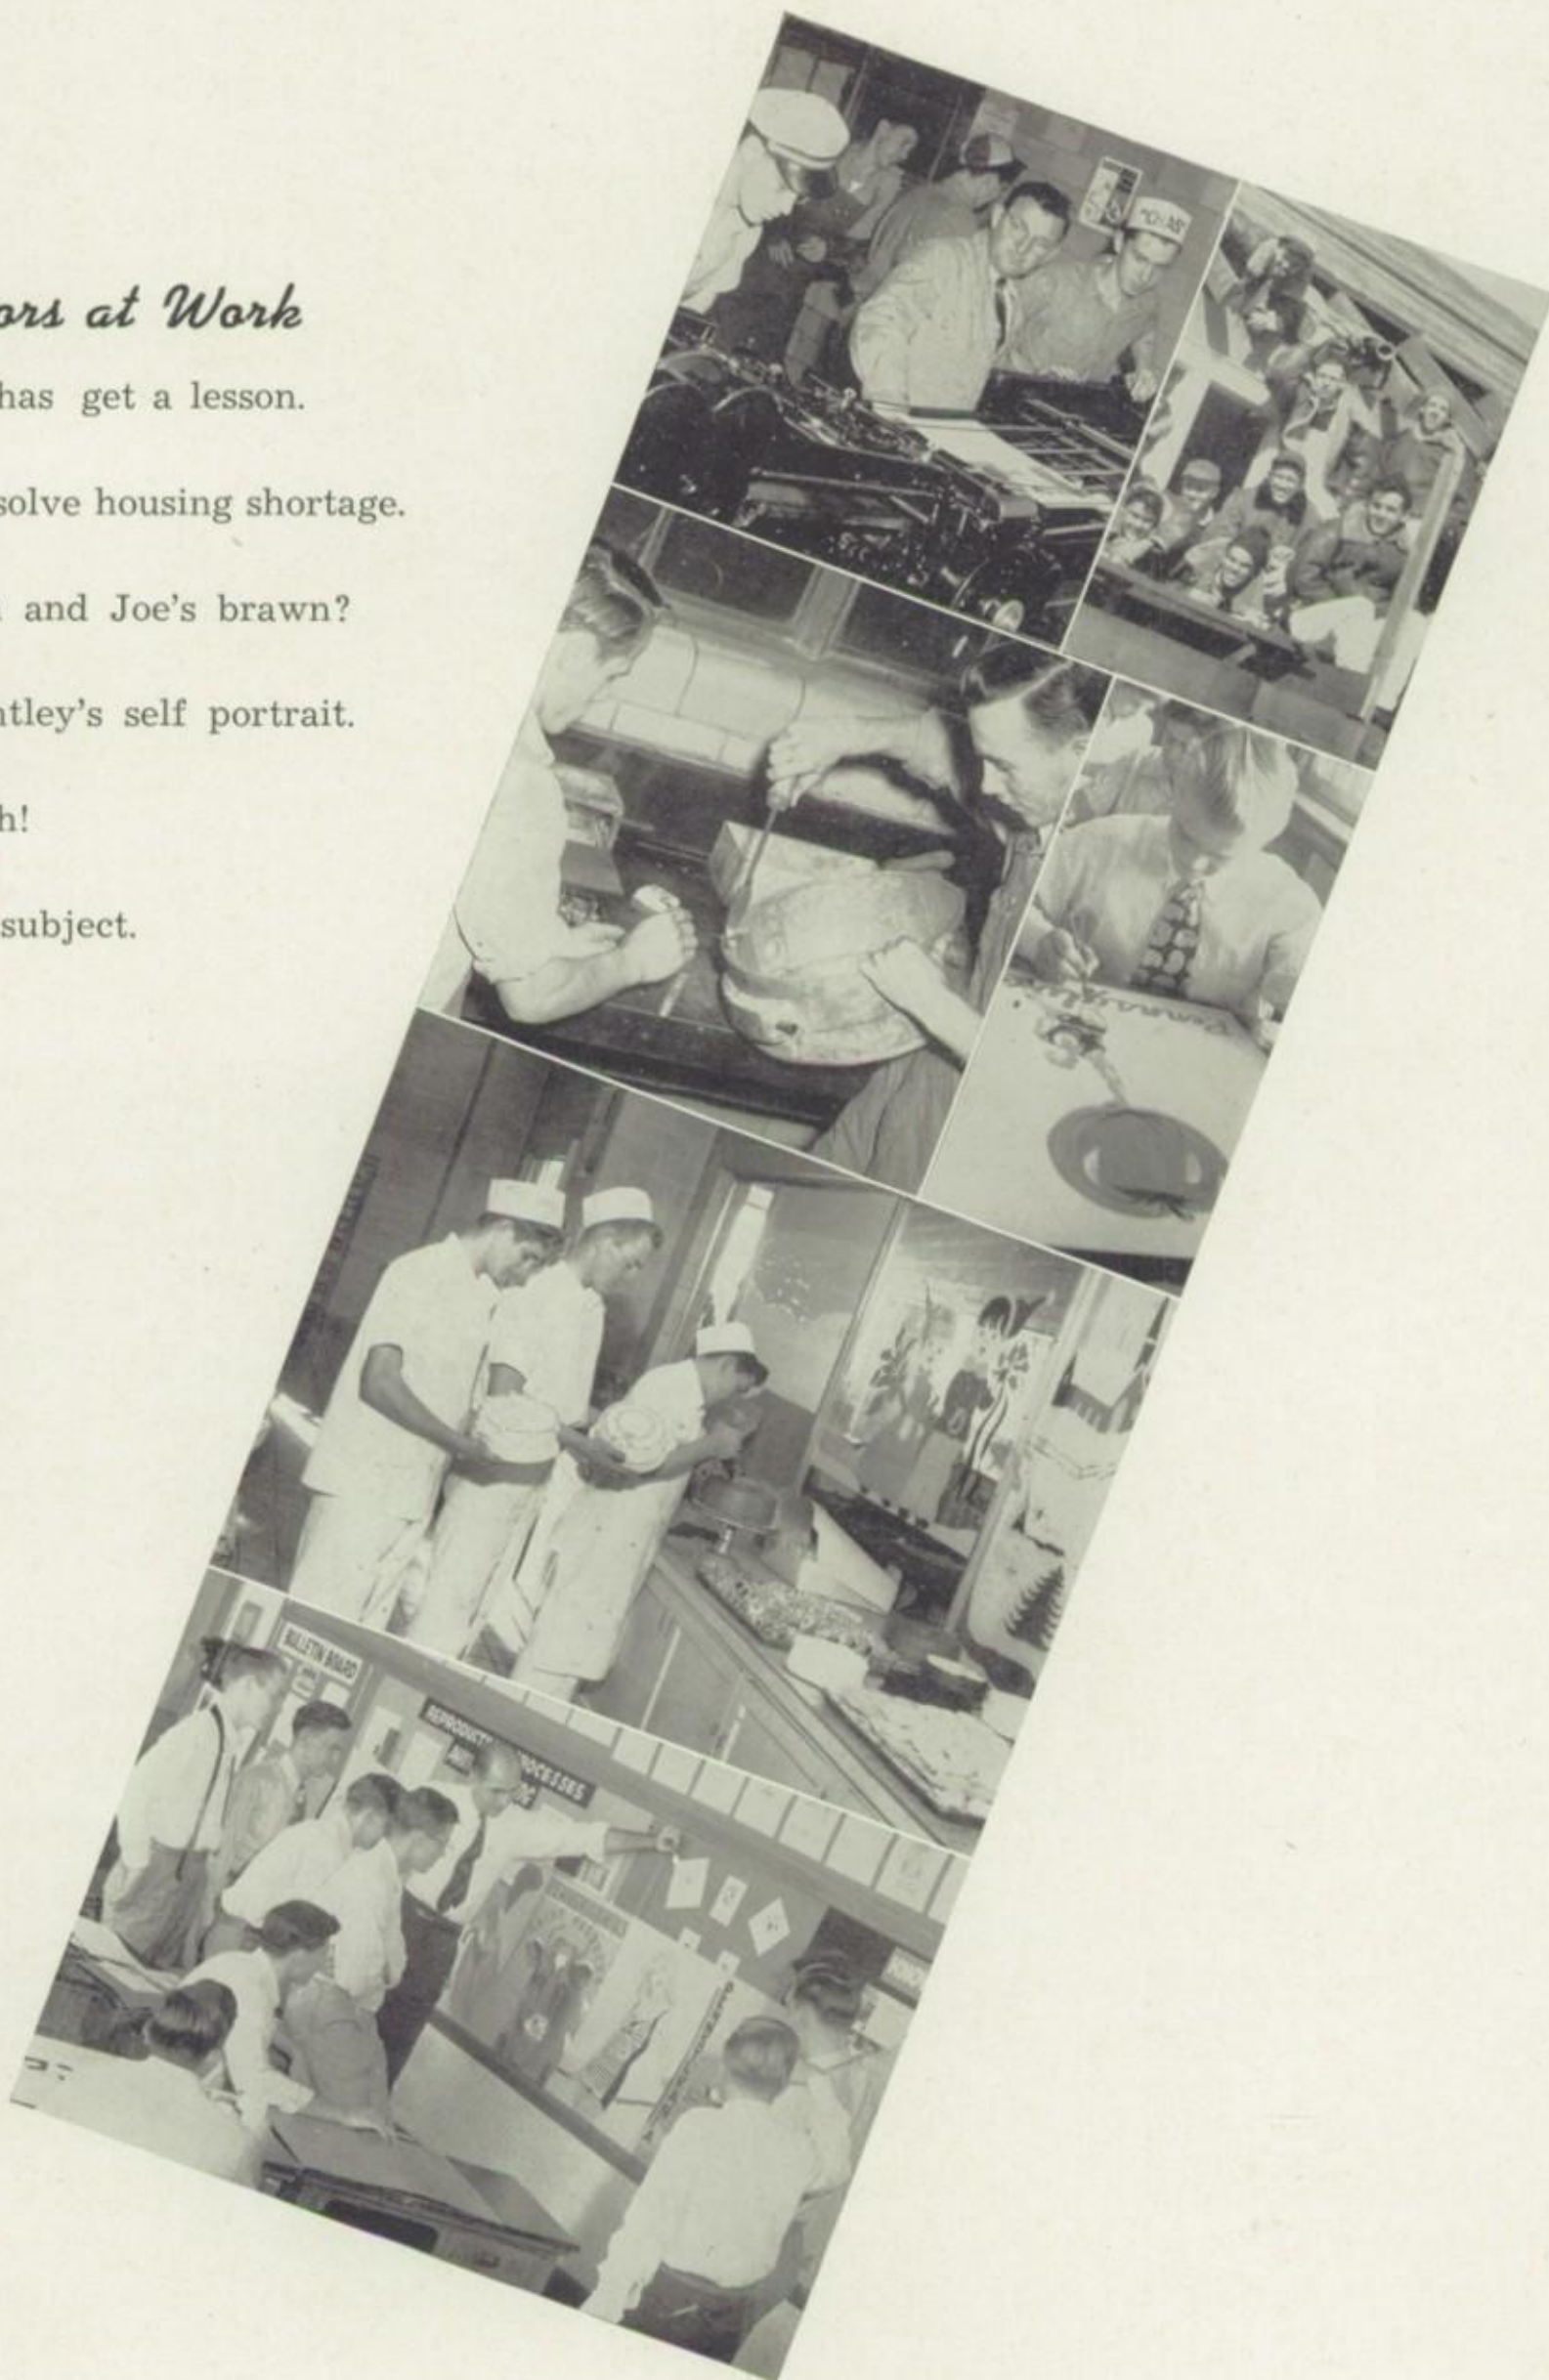

OUR IDEAL SENIOR MUST :

Be a student like.....Robert McCann
 Be a dancer like.....John Gelet
 Be an athlete like.....David Patterson
 Be as well liked as.....Alton Buck
 Be as courteous as.....William Fisher
 Be as loyal as.....Donald Knott
 Be as sincere as.....Edward Lyman
 Be as ambitious as.....William Adams
 Be as efficient as.....James Ketterer
 Be as businesslike as.....James Ketterer
 Be as intelligent as.....John White
 Be as handsome as.....George Keightley
 Be as good-natured as.....Kenneth Miller
 Be as cooperative as.....George Tashie
 Be as witty as.....Robert Saussaman
 Be as well dressed as.....Charles Newcomer
 Have a physique like.....Scott Sundy
 Have a smile like.....Richard Vogt
 Have a personality like.....Alton Buck
 Have the dependability of.....Franklin Etchberger
 Have the versatility of.....William Fry
 Have the sportsmanship of.....William Fry
 Have the singing voice of.....Earl Passmore
 Have the art ability of.....Jere Morrison
 Have the musical ability of.....Herbert Moore

Seniors at Work

1. Jake and Chas get a lesson.
2. Carps help solve housing shortage.
3. Sam's brain and Joe's brawn?
4. Capt. Keightley's self portrait.
5. In the dough!
6. Hmm! Nice subject.

Seniors at Play

1. Our first Senior dance.....Success!
2. Did you say, "Boys' school?"
3. Ken's second childhood.
4. Wrong way, Jay.
5. Still batting .300?
6. Talent (?) show.
7. Zook's understudies.

Class Song

Words by Jones

1

As we depart from **H. I. S.**,
We search for words to show
Our never-ending gratitude
For all it did bestow.
To thee, all hail, beloved school,
In all your proud array;
We promise to uphold your name
As we go on our way.

Music by Dodson and Moore

2

'Tis time to leave your hallowed halls
And say farewell to thee,
But ever-present in our hearts
Will be your memory.
So now for one last word from us
As school days reach their end—
We pray that God will bless you all
Who helped to make us men.

CLASS MOTTO

Today we plan, tomorrow we act.

CLASS COLORS

Red and Silver

CLASS FLOWER

White Carnation

*Familiar Scenes Around
Hershey*

Sports

Football

Although the record fails to indicate it, Al Gibble's 1949 football team had a great season. It was the heart-breaking story of a game group of boys trying desperately to overcome handicaps and bad breaks while playing the most difficult schedule in the history of the school. Finally they did finish the campaign in a blaze of glory.

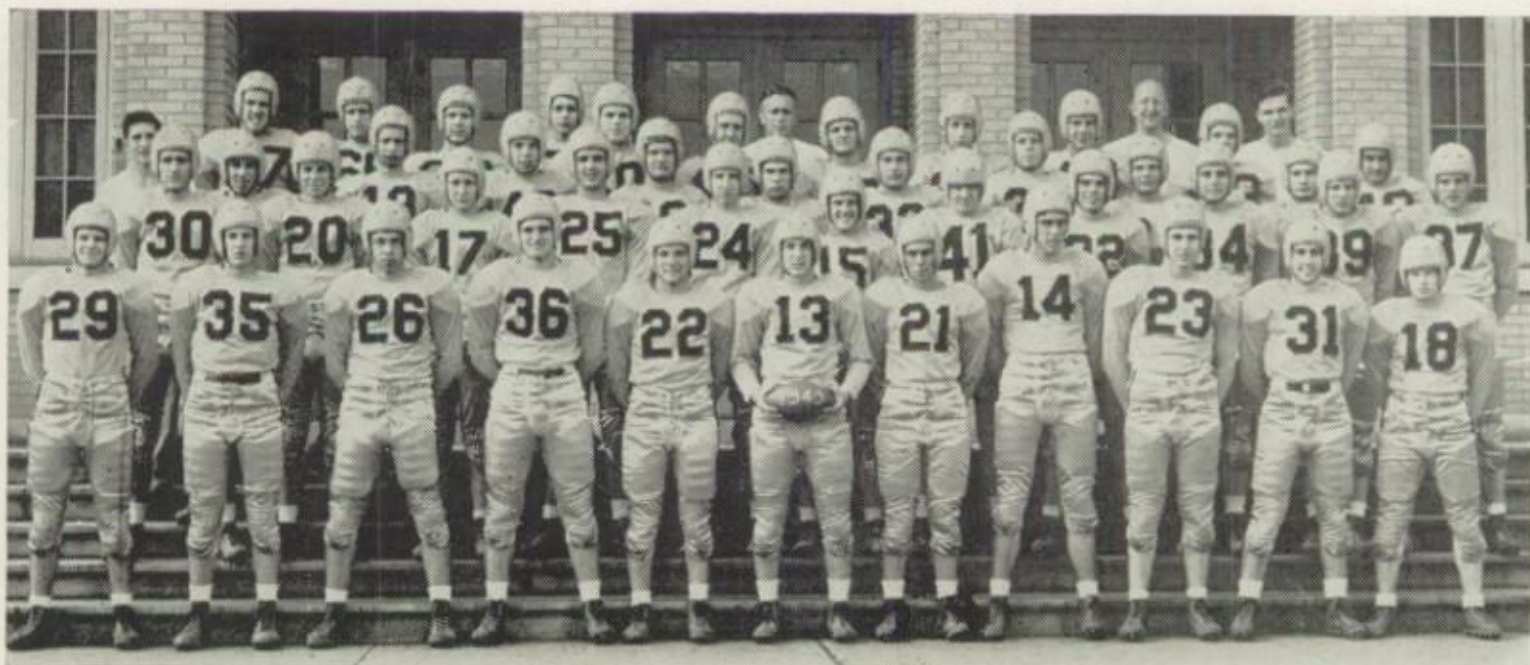

In losing the 7-14 opener at Lebanon, the Spartans also lost the services of three men. Two seniors—Al Buck, who broke his leg, and Felix Ladzinski, who broke his arm—were out for the remainder of the season. Joe Gosik, a junior, suffered a twisted knee in the game.

After that everything seemed to go badly for the luckless Spartans, but the boys never gave up. Injuries came with every defeat, but the Spartans, with eight key men on the injured list, traveled to Steelton and even in losing gave a real scare to an undefeated team.

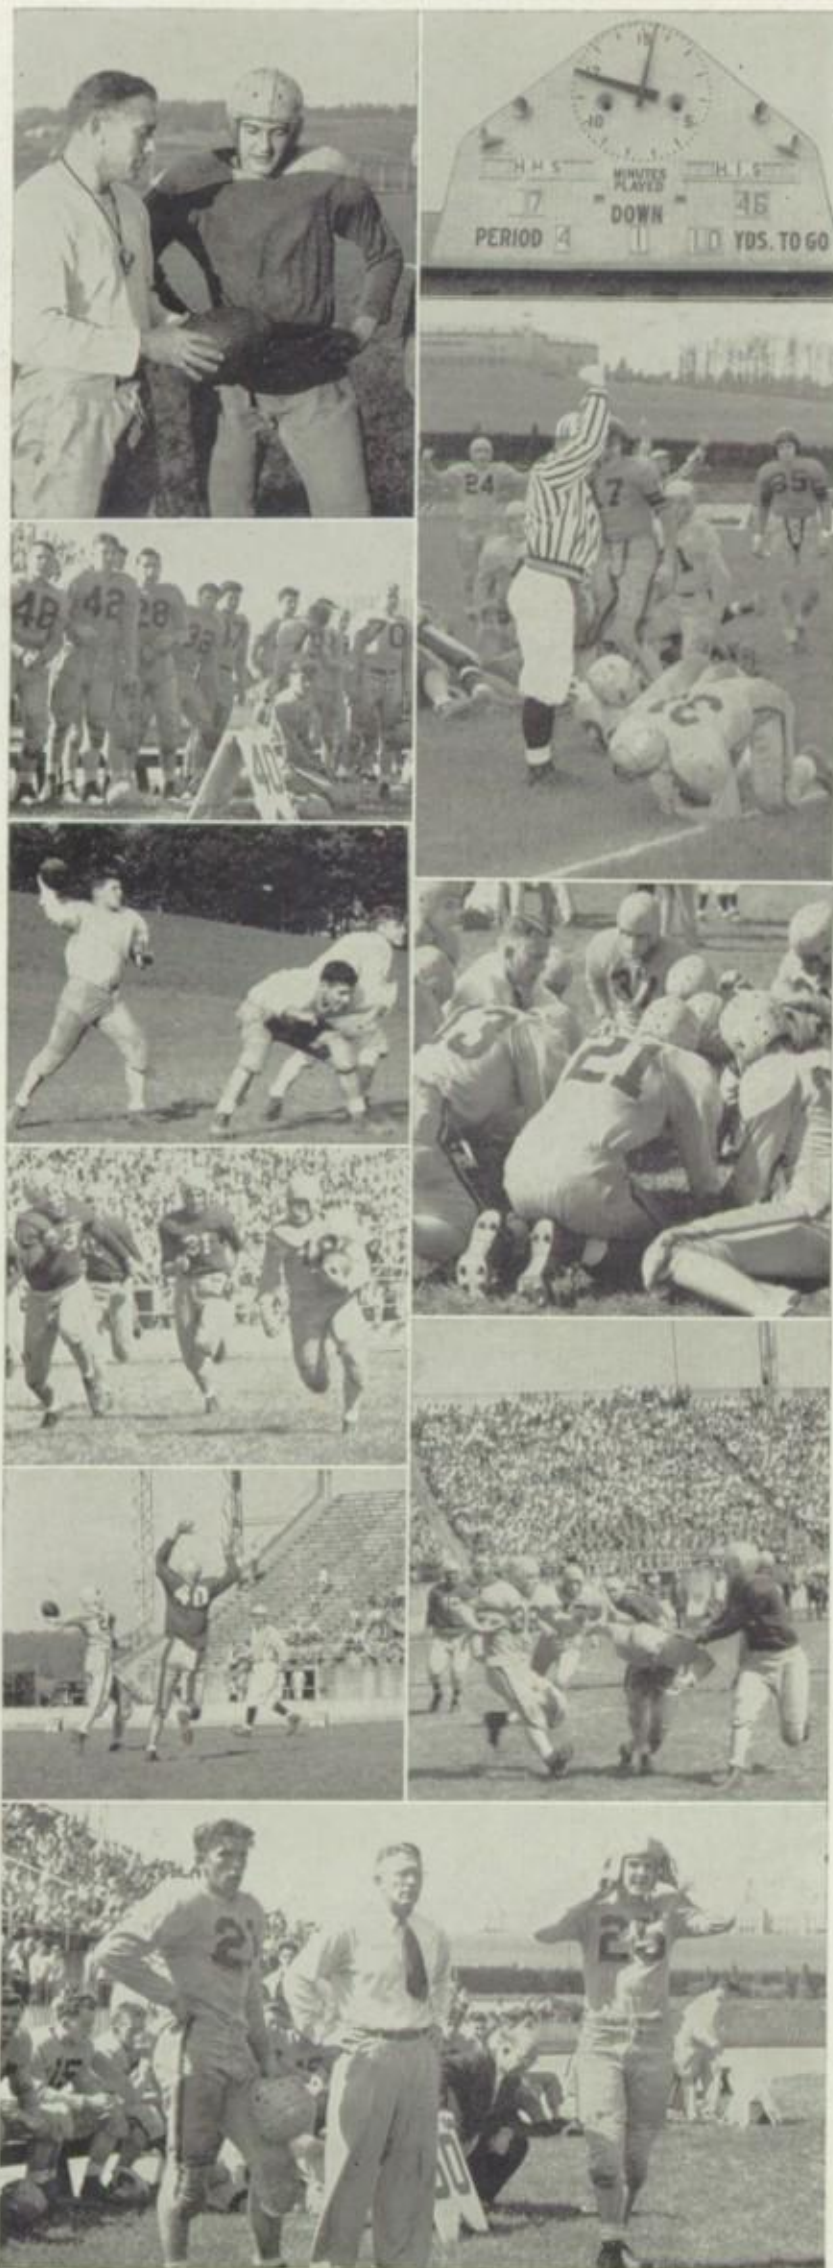

After the Steelton game the boys were ready. They humbled a bewildered Summitt Hill team, 59-0; lost to Patterson Park of Maryland, 12-21, but threw another scare into a team that had previously won 24 out of 25 games; defeated Lancaster, 25-12; and then smothered their home-town rivals, Hershey High, 46-7, to ring down the curtain.

The team scored 174 points to their opponents' 124. They gained 1074 yards on the ground and 960 in the air for a yards-gained total of 2034. Our opponents compiled a 1573 yards-gained total. The Spartans ran 83 first downs while holding their opponents to 66.

The varsity team lost twenty-one Seniors, but we're sure that the underclassmen will carry on.

Snaps

1. Capt. Fry confers with coach Gibble.
2. "Everybody happy?"
3. Sweating it out on the sidelines.
4. "Sal" Lyman scores again.
5. Practice makes perfect.
6. Pre-game pep talk.
7. "Turn on the speed, Red!"
8. Beautiful interference.
9. Mescan throws a long pass.
10. "Let's get in there and stop 'em!"

Basketball

Al Gible's 1949-50 basketball team had a record of thirteen wins and eight losses. All of the latter were suffered at the hands of Central Penn League teams, and four of these were by close scores.

In league competition the Spartans registered double victories over Lancaster and William Penn and once defeated Reading and Steelton. They lost twice to York—league champions—John Harris, and Lebanon, and once to Reading and Steelton. In non-league games **H. I. S.** was undefeated. Camp Hill, Pine Grove, Palmyra, Girard College, and Hanover were each defeated once. The home-town rival, Hershey High, was defeated twice.

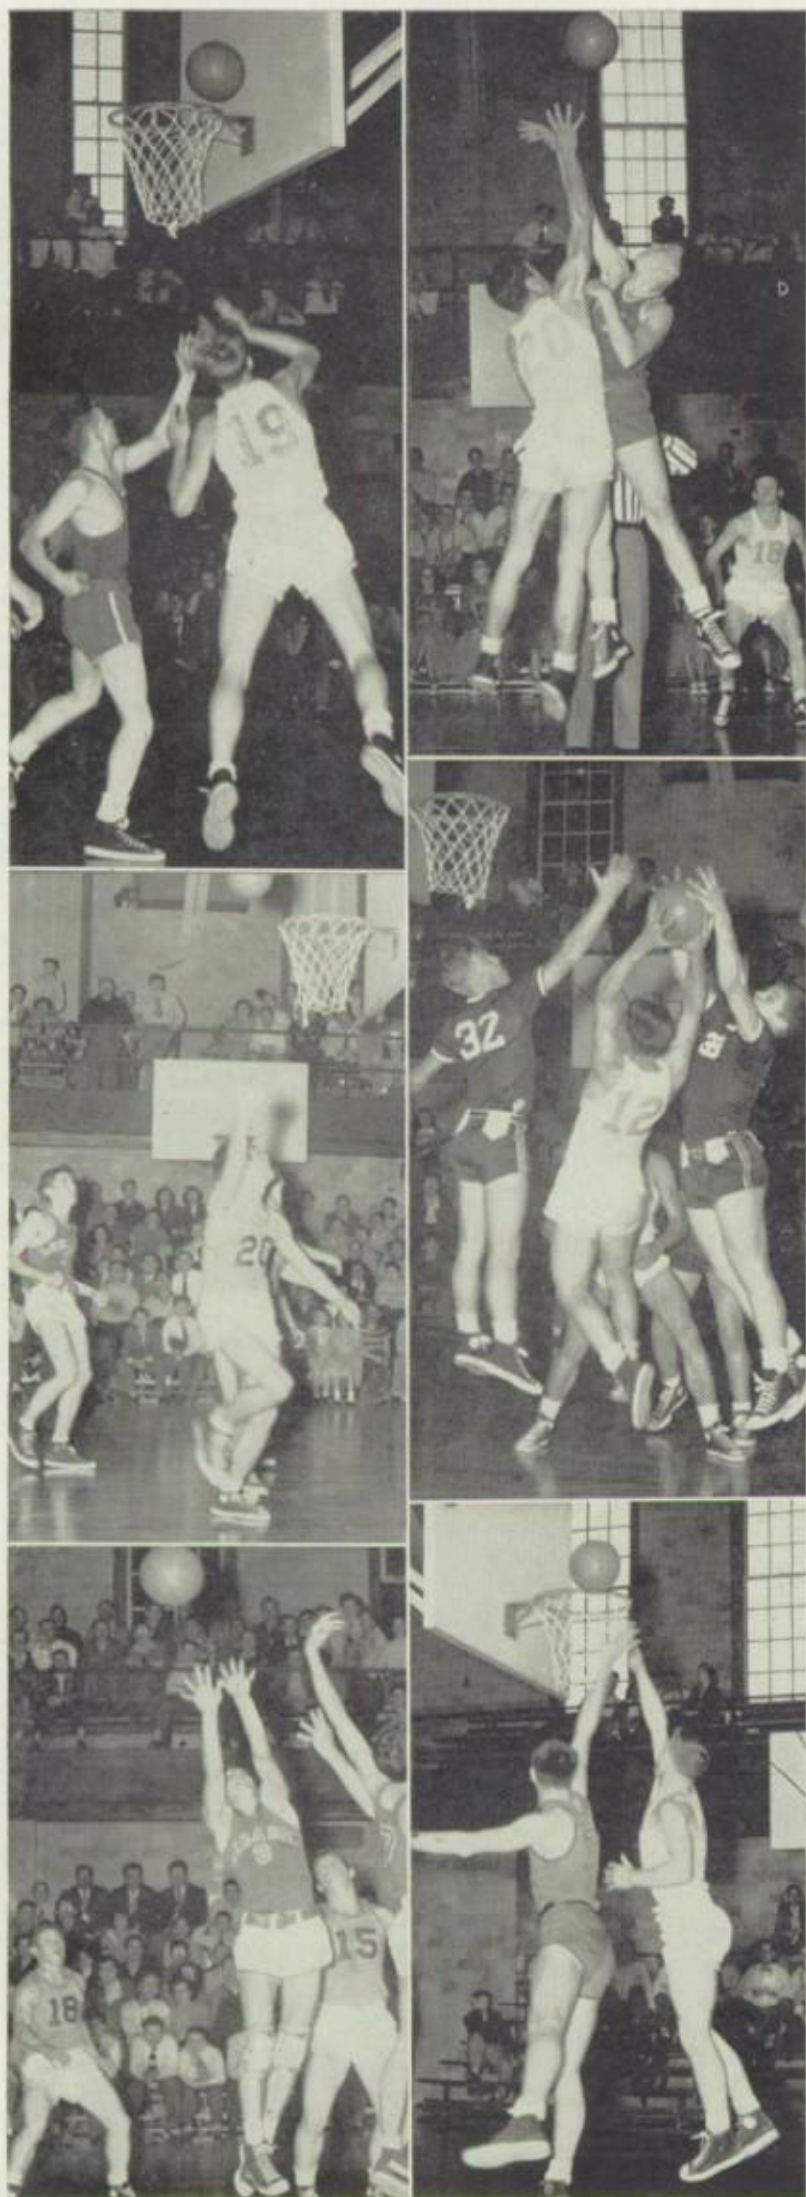

Four boys—Frank Etchberger, Bob Bettleyon, Don Allender, and Red Patterson—each scored more than 100 points during the season. Etchberger rolled up a total of 334 to establish a new school record. He led the Central Penn League in scoring until the last game of the season, when Ken Wagner, of Lebanon, scored 29 points and nosed him out by only two points. Frank also twice tied—and in successive games—the school record of 25 points for a single game, and he was chosen as center on the Central

Penn League All-Star Team selected by the coaches of the eight member teams. Bettleyon had 171 points, Allender 117, and Patterson 111.

Coach Gible loses seven Seniors—Etchberger, Bettleyon, Patterson, Bill Fry, George Tashie, and John Gelet. Despite these losses we are confident that varsity members Don Allender, Jim Brady, and Bob Mescan, plus such jayvee players as Tom Eberly, Joe Rhone, and John Wilkin, will form the backbone of another fine team to represent **H. I. S.** next year.

Snaps

1. Tom Schaeffer scores for H. I. S.
2. "Etch" taps one to Patterson.
3. "Etch's" deadly "hook" shot.
4. Hands up!
5. Where'd he come from?
6. Two for who?

Baseball

The 1949 baseball season was the most successful in the history of H. I. S. Under the coaching of Ralph Hoar and John Showalter, the Spartans won the Central Pennsylvania League Championship.

The team opened the season with a scrimmage victory over Lower Paxton and then breezed undefeated through the first eight games of the league schedule to clinch the championship, even though they did lose their last two games to Hershey and John Harris.

Seniors Adam Fisher and Bob Stadulis starred. Adam was top pitcher with his 4-1 average; Bob was top hitter with his .393 average.

The squad consisted of Seniors Bob Allender, Lou Croce, Max Fahnestock, Adam Fisher, Jere Guldin, Dick Hartman, Preston King, Art Patterson, Bob Stadulis, and Ray Topper; Juniors Bob Bettleyon, Bill Fry, Glenn Herring, Dave Patterson, and Glenn Stoudt; Sophomores Don Allender and Bob Mescan; and Freshmen Tom Ebberly and Tom Maurer.

The Spartans were playing in only their second full-time schedule since World War II. It was also only their second year in Central Pennsylvania League competition. We congratulate the coaches and the squad.

The team had six .300 hitters: Bob Stadulis, .393; Preston King, .366; Dave Patterson, .363; Don Allender, .333; Max Fahnestock, .333; and Bob Bettleyon, .315.

Wrestling

After only two years of competition Coach Andrew Kovach's grapplers had an undefeated, untied season which brought the Central Penn wrestling championship to Patt's Hill.

Pacing the Spartans was team captain George Keightley, who completed the season undefeated. Hartnett had seven wins and a draw; and Alberts, Marks, Sundy, and Weidow were beaten but once.

Major accomplishments were the two shut-out victories—quite an accomplishment in wrestling. On two other occasions the Spartans dropped but one individual match. The most thrilling meet was that with Hershey High, which saw our boys rally to a 20-18 win after being behind, 18-9.

H. I. S. was also honored by having five of the team—Alberts, Hartnett, Keightley, Scruggs, and Sundy—chosen on the District 3 All-Star Team that went to Long Island to compete with the Mepham and Baldwin teams.

Seniors Art King, Joe O'Donnell, Jim Hartnett, George Keightley, and Scott Sundy contributed much to the team's success.

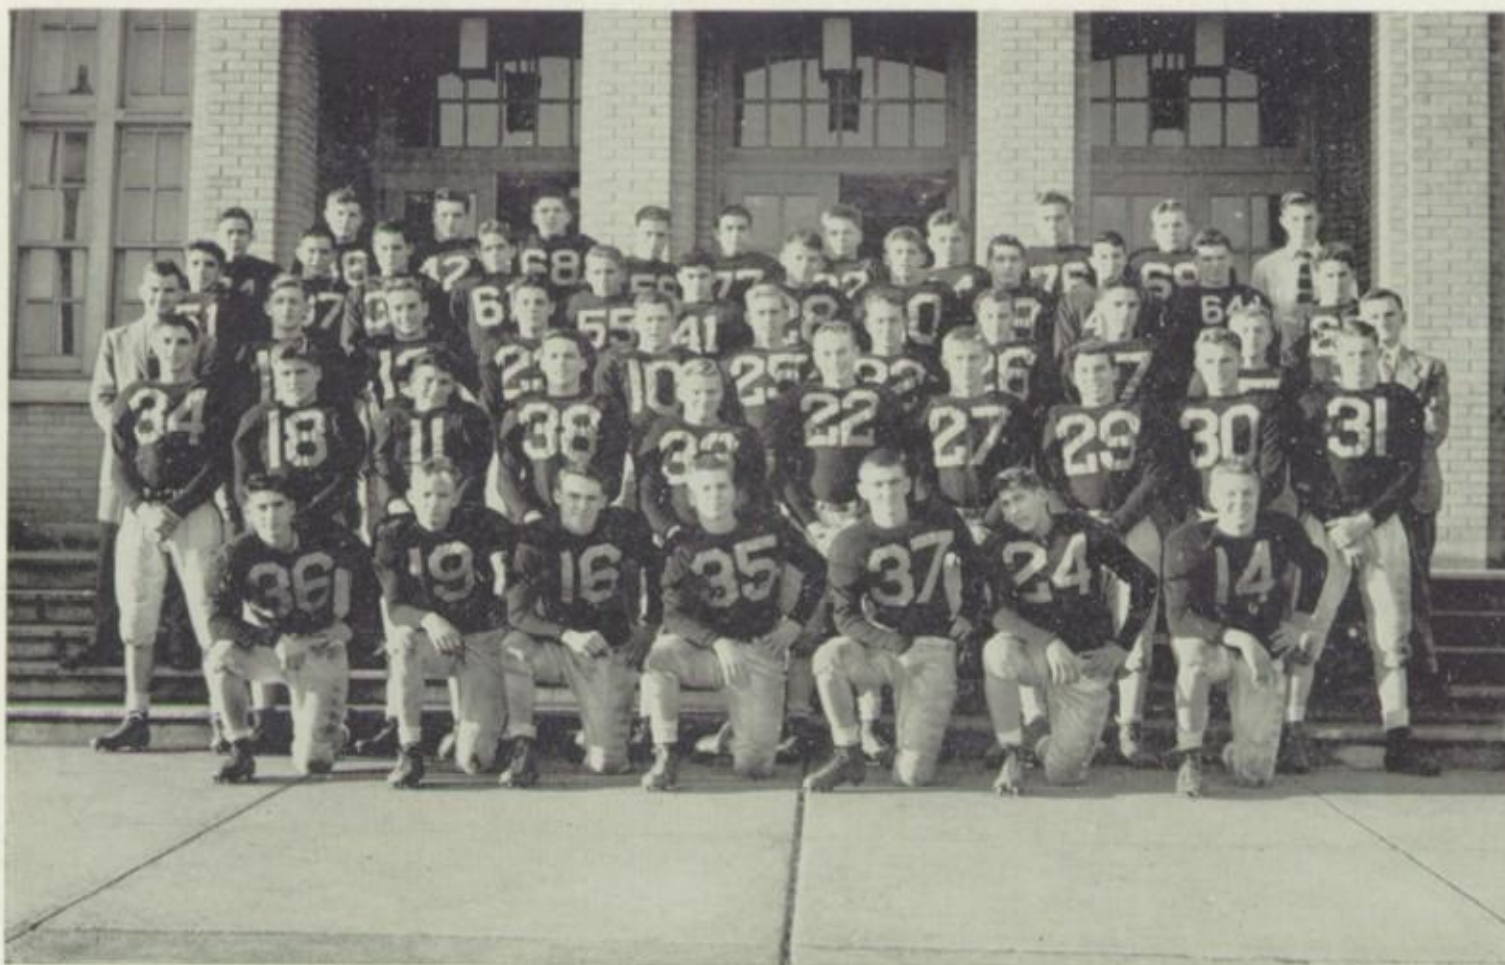

Coach Kovach cited exceptionally hard practice work and the team's will to win as prime factors in their fine record. Wrestling is not an easy sport, and each boy had a real job to keep in top condition throughout the entire campaign. Mr. Kovach gave special credit to the members who did not earn letters.

*Baseball and Wrestling
Snaps*

J. V. Football

Jayvee football in 1949 was another big success. The little Spartans, coached by two **H. I. S.** alumni — Mac Aichele, '39, and Harold Hacker, '45 — won their first five games and set a school record of seventeen consecutive victories. In those five games the **Industrial** goal line was crossed only twice.

Hershey High was the recipient of the biggest score in any one game. After a slow start, Coach Aichele's boys got rolling in the second half to drub our Chocolatetown rivals to the tune of 32-6.

The season's first defeat came in a 12-6 thriller with Reading, the only game in which more than one T. D. was scored against **H. I. S.**

The finale was another tight one in which our boys narrowly averted defeat in a see-saw battle. With **H. I. S.** behind, 6-0, and about half a minute to go, Tom Eberly tossed a long pass which end Tom Maurer snagged for one of the season's most spectacular plays. Eberly crashed over on the next play to tie things up. The season record of five wins, one loss, and one tie shows what can be done by a group of inexperienced aspirants who give their best.

The brand of J-V football that permits only three defeats over a span of four seasons is certain to be a big help to our varsity teams, and this squad should be no exception.

J. V. Basketball

Although not compiling a winning record, the junior varsity basketballers certainly accomplished their major objectives of uncovering varsity prospects and providing experience for future varsity teams. The little Spartans played a scrappy brand of ball that kept the spectators interested regardless of the outcome.

Standout performers of Coach Fritz Miller's squad were forward Tom Eberly and center Tom Maurer. The latter was brought from the varsity in mid-season so he could see more action than he would as Frank Etchberger's understudy. Maurer quickly developed into a first-rate scorer and rebounder. Among his outstanding performances was making fifteen of nineteen foul shots in a single contest.

		Totals	712	800

The aggressive play of sophomore Tom Eberly, together with his consistent high scoring made him a team mainstay. Tom frequently hovered around the twenty-point-a-game mark, and he established a new season scoring record of 176 points.

One of the pleasant surprises of the season was the rapid development of John Wilkin, whose great play in the closing games undoubtedly earned him a spot in the future plans of our coaches.

To the other steady performers of the team we extend our best wishes for success on varsity squads of the future.

Activities

INDUSTRIALIST STAFF

COPY ! COPY !

The makers of our school paper deserve much praise. Special honor is due its faculty chairman, Mr. F. A. Mincemoyer, who spends much time striving to improve the publication.

Boasting a mailing list of over 1200 subscribers—in addition to about 250 school subscriptions—**The School Industrialist** not only features interesting school, shop, and farm-home news but also has a complete alumni section.

Also to be commended for making our school paper what it is are Messrs. Stuckey and Stahle, for printing and linotype; Mr. C. Miller, for supervision of typing; Mrs. Weaver, for accurate handling of subscriptions; Mr. Stacks, for cover layout work; and Mr. Custer for photography supervision.

Not to be forgotten are Messrs. Hess, Lichtenberger, and Sandel, who aid Mr. Mincemoyer on the Advisory Board. Mr. Hess and Miss King are to be commended for their highly prized contributions to the inside front cover.

We Senior staff members sincerely thank Mr. Mincemoyer and his faculty aides for their guidance in the field of journalism.

ACROPOLIS STAFF

CORRECT PROOF!

As we Seniors leave **H. I. S.**, we take with us fond memories, many of which are recorded in this yearbook. Consequently, it should be readily understood why we hope that this **Acropolis** is the best ever. We who have been privileged to be members of the 1950 **Acropolis** staff have done our best to make this book the pride of our class.

We appreciate greatly the work of the faculty advisers who gave so freely of their time and talents to assist us in this project. To Messrs. Stuckey and Stahle, for their excellent print-shop work; to Mr. Stacks, for his help in art and layout; to Mr. Custer, for his fine photography; and to Mr. Mincemoyer, for his tedious work of space estimating and proofreading, we extend our sincere thanks.

Each member of the staff deserves credit for his contribution, but major commendation should go to our Editor-in-Chief, Bob Hess, for the splendid way in which he handled the responsibilities of his position.

Other members of our staff were as follows: Sports—Jones and McCann; Activities—Gaughan, Ketterer, Moore, and Tashie; Photography—Fredrick; Staff Artist—Morrison; Staff Secretaries—Frantkowski, Hersh, and Seaman; and Form Editors—Igou and Keightley.

H.I.S. CHOIR

SING AH !

The Choir, under the direction of Mr. J. Ross Albert, did a splendid job. For the past few years it has been one of the outstanding musical organizations at **H. I. S.**

We admire Mr. Albert for the work he has done with this group. Teaching a roomful of tots a single choral number is not easy, but he coached the Choir so well that it sang an entire concert. It also contributed stirring and heart-warming music to the **H. I. S.** annual spring show.

The work of our Choir at our Sunday church services should not be overlooked. It also sang with the Glee Club on Christmas morning at our worship service and thus helped to contribute to the attractive seasonal setting.

The younger boys, the sopranos and altos, are from grades six to nine. They have sectional rehearsals weekly to work out the hard parts. Some tenors and basses are from the ninth grade. A few others come from the Glee Club.

It is with pride that we point to this group which produces music fine in both quality and technique. The Choir also trains the younger boys for later membership in the Glee Club.

H.I.S. BAND

BLOW UMPAH !

Under the able supervision of Mr. J. Atlee Young, the **H. I. S.** Band has won respect for its production of fine music. Over the years he has kept the Band's performance consistently high.

The Band played at all home games and also went to Lebanon, Coatesville, Pottstown, and Steelton for away games.

The Band made several other trips, including one to the Annual Harrisburg Christmas Band Concert Parade. Our group was the only one of the seventeen competing not glamorized by a feminine "front." Nevertheless, our boys compared very favorably with the competition, especially in their playing ability.

The big event of the year for our band was the Annual Spring Concert, held in the Hershey Community Theatre on March 26. The nicely balanced program included symphonic compositions, lively marches, and novelty tunes.

The Senior members of the Band will never forget Mr. Young's ability and patience. Neither will they fail to be amazed by the excellent results obtained with little more than an hour a week of practice for both music and marching formations.

GLEE CLUB

FOUR BEATS !

Begun in 1935 by Mr. H. Leon Reisinger, the Glee Club increased in popularity year after year. It is one of the most prominent extracurricular activities at **H. I. S.**, and the competition to win a place in its membership seems to become keener each year.

Today, under the direction of Mr. J. Ross Albert, this organization is known for miles around for the excellent concerts rendered by the boys at churches, schools, and social gatherings. Their music ranges from religious numbers to popular ballads and folk songs.

Having won first place in state competition for the last three years it competed, the Glee Club was faced with the problem of maintaining that reputation.

The Senior members of the Glee Club have had a great deal of fun and feel that they owe much to their director. They are very grateful to him for his efforts in developing their vocal talent and for arranging so many concert trips.

In closing, we wish the best of luck to **H. I. S.** Glee Clubs of the future. We hope that they, too, will spend many hours in happy fellowship while bringing pleasure to others.

SPARTANS

SWING ! SWING !

Under the capable leadership of Mr. W. Purnell Payne the Spartans had a very successful year despite the loss of nine Seniors from last year's dance band.

The 1950 Seniors in this organization were Jay Hewes—string bass; Tom Schaeffer, Paul Pugliese, and Charles Engel—Clarinet and saxophone; Herb Moore, Eugene Frantkowski, and Robert McCann—trumpet; Charles Dodson—trombone; and Ronald Cauffman—vocalist. These boys can leave our school proud of the record they helped to establish by playing for numerous dances in and about Hershey.

During the year the Spartans played for dances at Hershey High, Hershey Junior College, Alumni Homecoming, Oberlin, Steelton, and Hummelstown. They also had a few exchange programs with other schools.

We can appreciate even more the work the Senior boys accomplished by recalling that their practice time was chiefly after-lunch spare time as they perfected the dance music so popular in this vicinity.

We shall never forget Mr. Payne's ability and patience, nor shall we ever fail to marvel at the excellent results he obtained by insisting on precise rhythm and tone quality in the short time allowed for practice.

STUDENT SENATE

MORE PRIVILEGES !

The Student Senate is composed of one representative from each farm home. The advisers to the Senate this year were again Mr. Alfred T. Gible, coach of our basketball and football teams, and Mr. Glen Lynn, well-liked housefather from **H. I. S.** Cloverdale. These men were selected by the Senate and approved by the Administrative Staff. The Senate members would like to thank these men and also Dr. John O. Hershey and Mr. Benjamin F. Olena for their able assistance.

This year the officers of the Senate were as follows: President, George Tashie; Vice-President, Thomas Schaeffer; Secretary, Hale Jones; and Treasurer, Paul Snyder.

The Senate's two chief duties are to act as a mediator between the student body and our administration and to bring forth new ideas to better our school and farm-home life. Through the efforts of the Senate many problems that confront the boys are solved.

This year the Student Senate sponsored the sale of Christmas cards, wrapping paper, ribbon, and seals to the students at cost price. The students were pleased by the Senate's work, and next year's Senate should be able to do even more in this respect.

Underclassmen

J U N I O R S

Next year's leaders will come from this group of young men—the Juniors. As the Senior Class of 1951, they are nearing the end of a long trail. Their high-school days will soon be over, and they will have to venture out on the highways of life as we are about to do.

In education, this year has been their most important so far. In activities, they have been preparing to assume school leadership responsibilities. They have given their share of talent to our extracurricular organizations.

In sports, several fellows are outstanding. Don Allender, Robert Mescan, and Harry Richards held down positions on the varsity football, basketball, and baseball teams.

Others were tops in music. Among those were Howard Woodrow, Barry Love, and Thomas Morrison. Still others were tops scholastically. Such boys as Richard Olack, Lewis Mervine, and Curt Seitz were consistent leaders in the "Battle of the Books."

All through the year the Juniors have been gradually gaining a more prominent position. With the realization that at the end of next year they will have completed their days at **H. I. S.**, they are looking forward with great anticipation to the forthcoming year. As we seniors leave **H. I. S.**, they will replace us in school leadership.

In enumerating the accomplishments and potentialities of the Junior Class, we realize that they form a versatile group. We have complete confidence in their ability to succeed and make advantageous use of the great opportunities offered in our school.

The Juniors had to work harder than the other underclassmen to reach their goal. That goal was entry into the Senior year, which, if successful, will result in a reward well worth having—a diploma from **The Hershey Industrial School** in June, 1951.

SOPHOMORES

Two years from now the present Sophomore Class will be devoting space in their **Acropolis** to another group of tenth graders who have not as yet ventured into the two most important years of their life at **H. I. S.** Between now and then the Class of 1952 will be transformed from an up-and-coming group of boys into school leaders in the fields of sports, music, and scholarship. Already leaders are popping up in these areas, and we feel sure that this trend will continue.

As we, the Class of 1950, prepare to leave the institution which has been not only the source of a fine education but our home as well, we naturally feel qualified to leave with the underclassmen a few words of advice and encouragement.

We hope the Sophomores take seriously the responsibilities which come with maturity. We remember how we used to see older fellows take charge of details at the unit and at school. Then suddenly we were at the top, and it was our turn to do the worrying and planning. It will not be long until the Sophomores will be Seniors, and it is not too soon for them to be thinking about and preparing for their future duties.

Studies are always an item of major concern to the senior-high students. Take our word for it, there is a certain satisfaction which comes with "cracking the books" hard and often, and the establishing of a good scholastic record is a real asset in beginning after-school life. We hope the Sophomores take advantage of the exceptional schooling opportunities offered here at **H. I. S.**

As for athletics, we are sure that the Spartans will continue to hold their own against anyone. Good luck in the close ones!

We seniors leave **H. I. S.** proud and confident of the Class of '52. We extend best wishes to them as they uphold the standards of our school.

F R E S H M E N

As the Freshman year begins, the boys get a little more serious. They put away their childish things and start to think about the on-coming years.

During the course of this important year the Freshmen have many decisions to make. Because of the unusually large variety of trades offered by our school, each young man is confronted with the problem of choosing what he thinks is the best course for him.

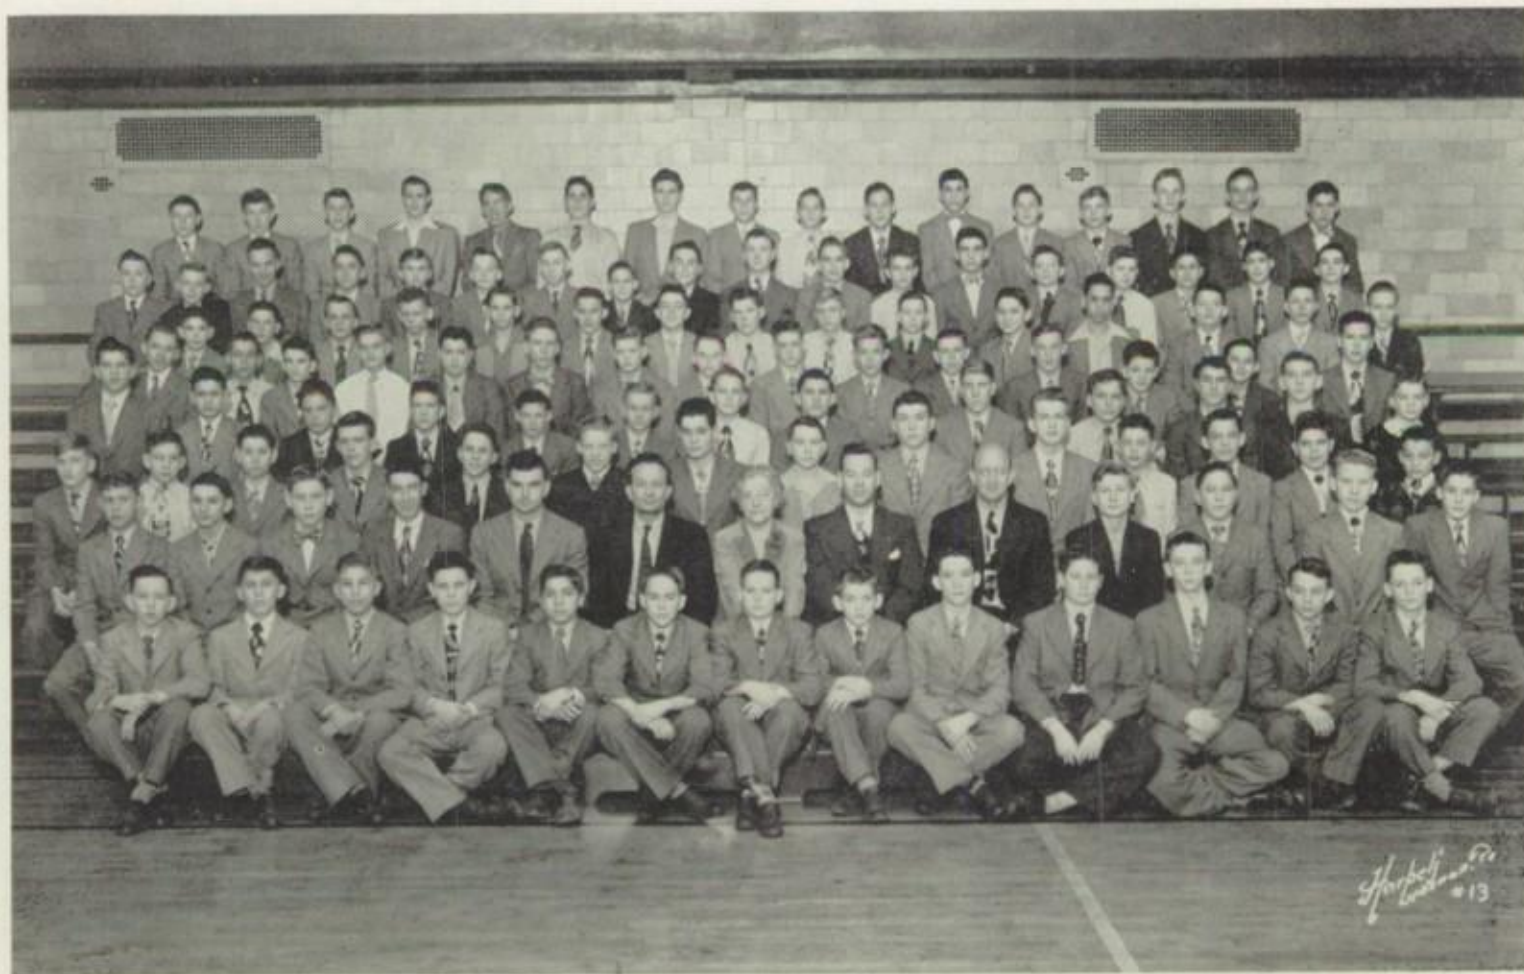

The two most important factors to consider when making this choice are interest and ability. A boy can get a good idea of the course which meets these two qualifications by doing his very best when he is given aptitude tests by our guidance department. Then he should study hard and earn high grades to increase his chances of getting the course of his choice.

Freshmen are faced with many activities in which to take part. In sports, these boys are our varsity-to-come players. The sports program of our school is very extensive. While most Freshmen serve on the junior varsity teams, there are usually a few boys with exceptional ability who advance rapidly.

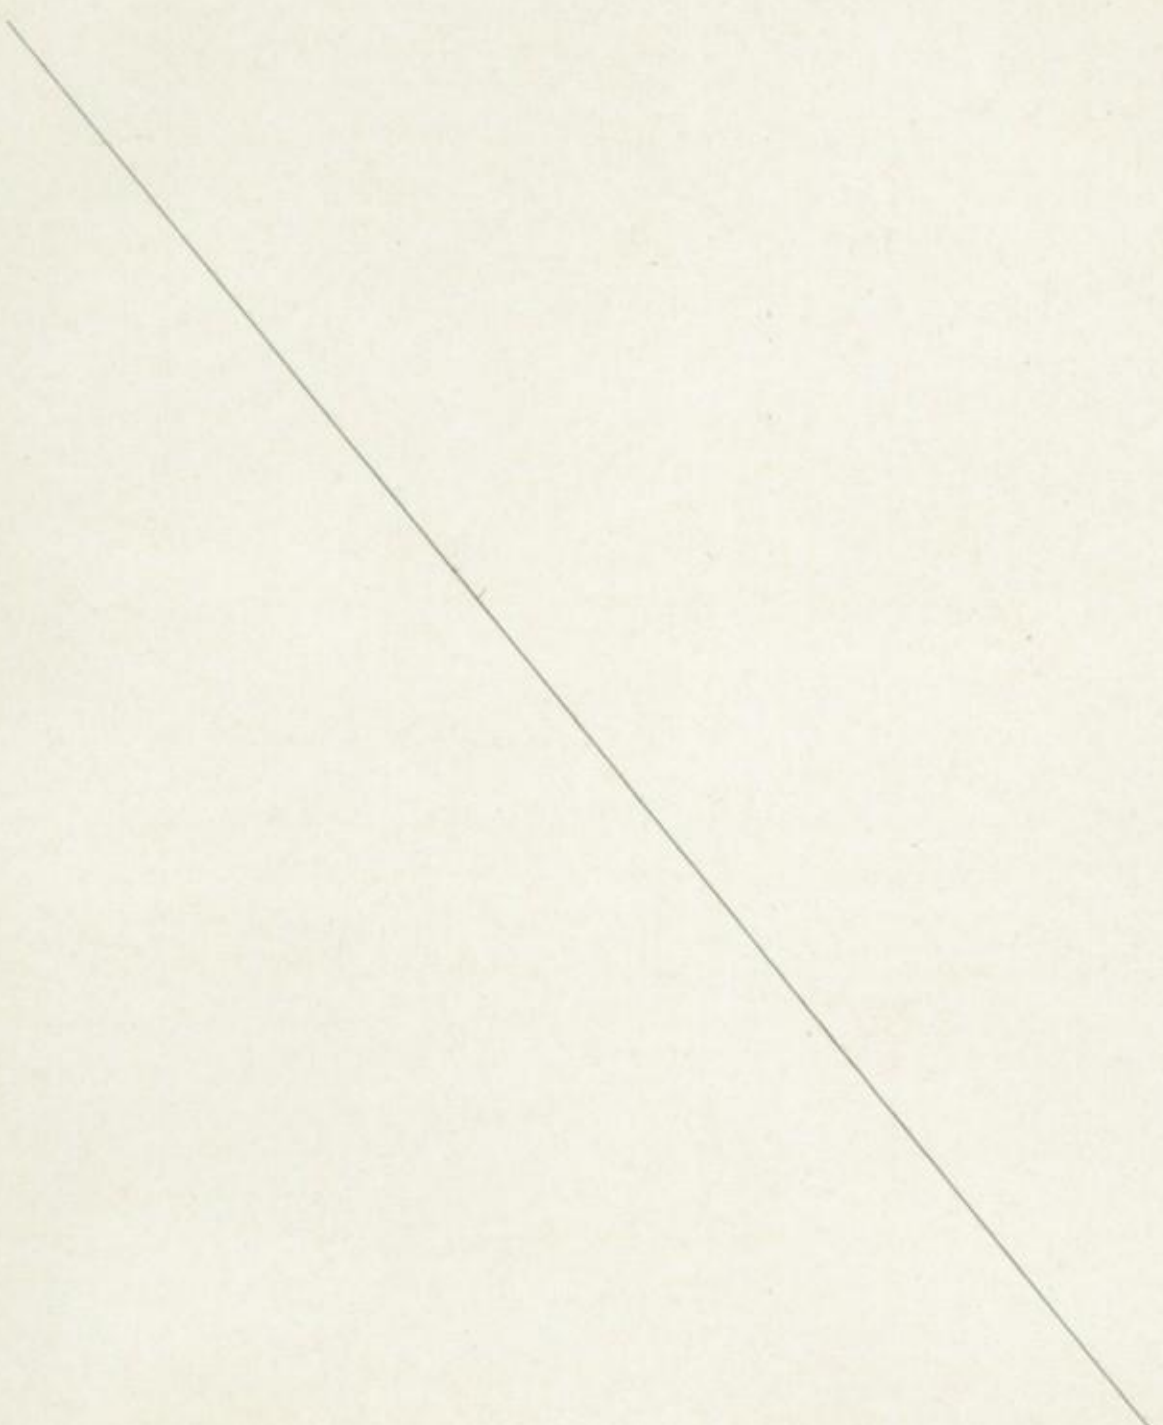

Some Freshmen begin careers in the fine arts, especially by joining one or more of our very popular musical organizations. To join, a boy must pass an examination on rhythm, sound, voice, manual dexterity, or other fundamentals involved. Then, if he has advanced far enough in his knowledge of music, he is given a place in the organization.

Our musical groups are very active, for music is stressed at **H. I. S.** We have a marching band, a dance band, a glee club, and a choir. There is keen competition for membership in all of them.

Because of our confidence that some day the underclassmen will ably assume our responsibilities, we Seniors can have peace of mind when we part from the school we love.
